BAY CITIES BIBLE COLLEGE is an evangelical, inter-denominational theological college. It was founded in 1934 and incorporated under the laws of the state of California as a non-profit corporation in 1938. B.C.B.C. operates under a religious exemption from the State of California Bureau for Private Postsecondary Education to grant the Bachelor of Arts (B.A.) Degrees in Biblical Studies, Pastoral Ministry and Christian Education, and the Master of Arts (M.A.) Degree in Biblical Studies.

Letter from the President

Bay Cities Bible College was founded in 1934 with the commitment to educate, equip and edify students in the ministry of our Lord and Savior Jesus Christ. For over 60 years, we have been blessed with God's gracious provision of a committed and energetic faculty, and a continuous stream of serious students.

At BCBC, students and faculty grow together in their understanding of who God is and what He requires. BCBC is an environment where student and faculty interact in a life-changing atmosphere, both becoming better disciples. We believe that education is not a destination but a journey, and at BCBC we provide the student with a map and the tools for the trip. I'd like to invite you to join us in our travels.

This catalog contains information you need to understand the requirements of BCBC. We recognize that our students do not exist for us; we exist for them. Students are not an imposition; they are our purpose. Therefore, if you require further information, please call us at (510) 268-8060. We want you to get the most out of one of life's most important investments.

Yours in Christ,

Bradford Chew

President

I. GENERAL INFORMATION

HISTORY OF THE BAY CITIES BIBLE COLLEGE

The Bay Cities Bible College is founded on a rich history of evangelical and biblical scholarship. In 1934, a committed group of men and pastors in Oakland organized the school. These men of the Brethren movement utilized their spiritual heritage to point the school on a nondenominational path of sound doctrine.

A cooperative effort of evangelical believers in the East Bay Evangelistic Union brought together a group of young people who desired to study the Word of God. As a result of this continuing desire for the Word, the Educational Committee of the union unanimously resolved to organize a "Bible Institute with a Faculty organization." From that decision to organize on October 12, 1936, scattered Bible study classes became the Bay Cities Bible Institute whose unchanging purpose has been to educate women and men in the evangelical teaching of the Word of God. In 1938, the school became a nonprofit corporation.

Ivan C. Frickstad was the first president. He was supported by the then prominent East Bay pastors and church leaders who had first hand, personal associations with men of the historic faith, such as R. A. Torrey, Dwight L. Moody and Harry Ironside. R. A. Graves was pastor of the Fundamental Gospel Center, which became the Westbrae Bible Church in Berkeley, where Bay Cities was located from 1991 to 2002.

By the mid 1960's an effort was underway to initiate an expanded academic curriculum through the efforts of Robert Nellis. Under the presidential leadership of Arnold Owens, the school achieved a college level, degree granting status. When Robert Nellis succeeded to the presidency in the late 1970s, the school was offering a graduate program and independent studies.

Under the leadership of President Nellis, the school continued to develop its unique Bible-centered ministry. By maintaining its educational specialization in Bible and doctrine, the Institute has filled the unique gap between major Bible and Liberal Arts institutions. Students who were led to pursue a Bible and theology education for their ministry multiplied the enrollment as the Lord prospered the school. Bay Cities has remained a constant representative of evangelical doctrine and education over the years.

Under the presidential leadership of Dr. Donel Reedus, Bay Cities phased out the graduate and institute programs to focus on undergraduate education and began offering classes in Castro Valley and Santa Rosa.

In April 1998, Brad Chew became president. Under his leadership, we became the Bay Cities Bible College, received ACSI recognition and re-instituted the graduate program. We anticipate new milestones to the college as we develop programs for the Church in the twenty-first century. Maranatha!

STATEMENT OF INSTITUTIONAL PHILOSOPHY

Mission

The mission of Bay Cities Bible College is to provide formal content to the gifts of the ministry by equipping students for the work of the ministry, for the building up of the body of Christ (the church) through instruction in the Scriptures and doctrine as they apply to contemporary society and culture. We seek to provide quality theological education at an affordable price.

Purposes and Objectives

As a Christian academic community, we are committed to the Lordship of Jesus Christ, the final authority of the Bible, and the importance of the local church. The College's well-balanced, systematic, and coordinated program of Biblical studies is designed to accomplish a threefold objective:

TO EDUCATE: It is our goal to assist the student in achieving a practical knowledge and understanding of the Bible and acquiring a thorough grasp of the foundational truths of the historic Christian faith.

TO EQUIP: Another goal is to assist the student in discovering and developing those abilities, tools, and skills necessary to insure a lifetime of profitable Bible study and fruitful ministry as a servant of God.

TO EDIFY: A further goal is to assist the student in developing a deep love for God's Work, cultivating an appreciation for its role in the life of the Christian community, and discovering the meaning of faithful discipleship, related to a world view and lifestyle rooted in Christ and the Scriptures, dependent upon the Holy Spirit, and applicable to personal experience.

Non-Discrimination

Bay Cities Bible College does not discriminate against any person on the basis of race, sex, handicap, national or ethnic origin in the administration of its educational policies, student admissions, hiring of staff and faculty, or other programs administered by the school.

DOCTRINAL STATEMENT

The faculty and staff share a common commitment to these historic Christian beliefs. This unified theological posture is reflected in the classroom instruction. We believe in:

The one, true and living God
 The Trinity: God the Father, Son and Holy Spirit
 The inspiration, inerrancy and authority of the Bible as God's Word
 The literal, historical, grammatical interpretive approach to the Bible
 Man's sinfulness and separation from God
 The existence of Angels and Satan
 The full deity and humanity of Jesus Christ
 The sacrificial, substitutionary death of Christ on the cross for Man's sin
 The bodily resurrection and present exaltation of Christ
 Salvation by grace through faith in Jesus Christ
 The deity of the indwelling Holy Spirit
 The Lordship of Jesus Christ over His Church, the people of God.
 The importance of the local church
 The Great Commission to make disciples
 The priesthood of all believers
 The need for righteous living and godly works
 A pretribulation rapture of the Church
 The premillennial return of Jesus Christ
 Future life, bodily resurrection and judgment.

It is assumed that students who attend the school are in basic agreement with its evangelical doctrinal position. Those who may have theological differences with the school or its instructors, especially in controversial matters, are expected not to be a disruptive influence in the classroom.

CHRISTIAN SERVICE

At BCBC, student ministry is an integral part of the total academic program. Students perform spiritual ministry that involves direct contact with people while supervised directly by field supervisors (normally the student's local church pastor). One unit of student ministry, requiring at least 3 hours/week for 10 weeks and weekly ministry reports, is required for every 15 academic quarter units taken at BCBC.

FACULTY

All the faculty of the school have been chosen on the basis of academic background, spiritual maturity, ministry experience, and teaching ability.

CALENDAR

The B.C.B.C. calendar is organized into three quarters (Fall, Winter, Spring) beginning in September and ending in June. Thanksgiving, Christmas, New Year, and Easter holidays are observed. Other holidays may be declared.

CLASS STRUCTURE

Three quarters compose the academic year: Fall, Winter and Spring. Each quarter is 11 weeks in length. Most courses taught in a particular quarter are valued at 3 quarter units credit and meet once a week for 11 weeks. One quarter unit credit is 11 sessions of 50 minutes each. Therefore a 3-unit class meets once each week for 150 minutes (2½ hours). Class sessions are normally held on Monday, Tuesday and Thursday evenings. Students are advised to consult the Schedule of Classes for the specific time of each course.

HOURS OF OPERATION

Monday, Tuesday and Thursday night classes meet 7:00 - 9:30 p.m. No classes are taught on Sunday, Wednesday, Friday or Saturday. The school office is open from 6:30pm to 9:30pm on the evenings when classes in Berkeley are in session. The school is closed on Sunday and holidays.

WITHDRAWAL

Those students who withdraw from any class must complete and submit a course drop form (signed by the professor) to the school office in order to be formally dropped from enrollment.

GRADING SYSTEM

Academic achievement is measured on a standard four point system.

Academic Excellence	A	4 Grade Points
Above Average	B	3 Grade Points
Average	C	2 Grade Points
Below Average	D	1 Grade Point
Failure	F	0 Grade Points
Incomplete	Inc	0 Grade Points
*Withdrawal	W	0 Grade Points

Students who withdraw from a course or receive a failing grade must repeat the course to receive credit. An Incomplete (Inc.) may be changed to a letter grade if the course is completed within one calendar year. After one calendar year, an "Inc." will automatically be changed to an "F". Any assignments received late shall be lowered one full letter grade per each delinquent week.

STUDENT RECORDS

This institution maintains student records for a period of 30 years. A permanent record of the student's academic work will be maintained. Requests for transcripts of completed work should be made through the Registrar. Transcripts can be obtained through a written request at a fee of \$15.00 per transcript. Certificates of Completion for individual courses are available for continuing education through written request at a fee of \$15.00 per certificate.

TRANSFER OF CREDIT

The maximum amount of college level credit that may be transferred into the undergraduate program of B.C.B.C. from other educational sources or life experience is 132 quarter units, regardless of subject matter. It is the student's responsibility to provide verification of such work for the Registrar, either by official transcript or some other acceptable document. The school reserves the right to evaluate all previous academic work to determine its acceptance. All students must complete at least 54 quarter units in residence at B.C.B.C.

The maximum amount of graduate level credit that may be transferred into the graduate program of B.C.B.C. from other educational sources or life experience is 9 quarter units, regardless of subject matter. It is the student's responsibility to provide verification of such work for the Registrar, either by official transcript or some other acceptable document. The school reserves the right to evaluate all previous academic work to determine its acceptance.

GENERAL EDUCATION REQUIREMENT

A student pursuing this degree from B.C.B.C. must complete some general education courses from other educational sources prior to the awarding of the degree. These courses may be taken before enrolling at B.C.B.C., while enrolled at B.C.B.C., or after completing the required coursework for a Biblical Studies major at B.C.B.C. To fulfill the general education requirement from the B.A. degree the student must successfully complete 54 quarter units of general education as follows:

BCBC General Studies Core Courses (27 units)

GS 110: How We Got Our Bible (Bible Introduction)	3 units
GS 111: History of the Ancient Near East (Biblical World)	3 units
GS 112: Dispensations and Covenants (God in History)	3 units
GS 113: Christian Lifestyle	3 units
GS 114: Christian Witness	3 units
GS 115: Christian Missions	3 units
GS 116: Apologetics/Christian Evidences	3 units
GS 117: Early/Medieval Church History	3 units
GS 118: Reformation/Modern Church History	3 units

English Reading and Composition (at least 6 units)

English 001 A/B Composition and Reading (taken at a local community college)

Distribution Requirement: (at least 21 units)

At least one 3-unit course from each of three areas:

Humanities/Fine Arts: 1 course minimum

Literature	Logic	Philosophy	U.S. History
Music	Geography	Foreign Language (minimum 1 year)	

Social/Behavioral Sciences: 1 course minimum

Anthropology	Psychology	Sociology	Communication/Media
--------------	------------	-----------	---------------------

Natural Sciences/Mathematics: 1 course minimum

Biological Sciences	Physical Sciences	Mathematics
Computer Science	Statistics	

A community college is an excellent resource for the English and Distribution courses.

The following BCBC courses may count toward distribution requirements:

Humanities/Fine Arts:

BL128-130	New Testament Greek I, II, III	9 units
BL131-133	Old Testament Hebrew I, II, III	9 units

At the present time, BCBC does not offer any courses in Mathematics and Natural Sciences.

Students are encouraged to spend their first year of undergraduate study concentrating on general education requirements to prepare them for their Biblical and Theological studies at BCBC. In particular, we recommend that English composition and reading (e.g. English 1A and 1B) be taken in the first year.

BACHELOR OF ARTS DEGREE IN BIBLICAL STUDIES

The Bachelor of Arts degree in Biblical Studies (with no area of concentration) is the basic degree program offered at BCBC. It provides the greatest flexibility in allowing students to choose among the various practical ministry electives.

All students pursuing this degree are required to take the Bible and Theology core (54 units), the General Studies core and General Education distribution courses (54 units), 1 unit of student ministry for every 15 BCBC academic units, and enough electives to total at least 186 units.

If the student wishes to complete his/her degree within four years, the following table illustrates how to accomplish that goal.

THESIS PREPARATION

The Master of Arts (M.A.) program in Biblical Studies is primarily a research degree. Students must be able to analyze relevant material and be able to interact on a scholarly level with the present level of information. Students will be evaluated throughout the degree as to their level of research and advised accordingly.

The thesis should be an ongoing process throughout the Graduate Program. From their entrance into the program, students should already be thinking critically about their final research assignment. Thus there will be deadlines to be met in completing the required thesis. The grading system for the thesis will be an ongoing process, with grades given for each part in the thesis development.

After six completed courses at the Graduate Level (1/3 complete):

The student should propose a thesis topic to the Graduate Studies department. This thesis proposal should include a title proposal, an idea of where the research will lead the student, and evidence of research already carried out on the proposed topic.

The student will then be interviewed based on the proposal, and the topic modified or changed according to the student's ability. Upon acceptance of the topic, a thesis adviser will be assigned for the student. This adviser will guide the student through the thesis process.

After twelve completed courses at the Graduate Level (2/3 complete):

The student will sit down with the advisor and discuss progress made towards the thesis. The student should present a more detailed proposal into his thesis in the form of a five-page abstract. This abstract should show the direction of the student's present research. The student should include an outline for the thesis as part of this abstract.

After completion of the required course work at the Graduate level:

The student should show a substantial level of research in terms of the development of a bibliography. Each of the chapters of the thesis should now be in outline form. This outline should be presented to the advisor for final approval. An additional faculty thesis reader will now be assigned to the student.

Thesis Preparation I

At the end of the first quarter of thesis preparation, the student should present the first two chapters to the Graduate studies office. The advisor and reader will fine tune the thesis and give a grade based on the student's present research.

Thesis Preparation II

By the end of this second quarter of thesis preparation, the student should have completed a first draft of the entire thesis. This draft must be approved by the advisor and reader before proceeding.

Thesis Defense

Upon presentation of an acceptable final draft of the thesis, the student will schedule a defense of his work at which time the student will explain his thesis, his research methods, and his conclusions. A grade will then be given for the entire process.
